Sensitive Data & Access Composition

Field Name	Data Owner	Critical Data Element	Governance Maturity Score	Compliance Risk Score
Account_Code	Controller	No	3	23.00
Account_Code	Controller	No	3	38.40
Account_Code	Controller	No	3	38.80
Account_Code	Controller	No	3	42.50
Account_Code	Controller	No	4	21.10
Account_Code	Controller	No	4	22.10
Account_Code	Controller	No	4	25.20
Account_Code	Controller	No	4	38.20

Top Governance Actions – Next 90 Days

1. Standardize definitions for cross-domain critical fields to reduce inconsistent interpretation.
2. Assign accountable data owners and stewards to high-risk, low-maturity data elements.
3. Strengthen access controls and audit coverage for GDPR-relevant and sensitive data.
